It is my pleasure to recommend Newsec Baltics, a full-service company in the property sector I have worked with for more than 7 years. I am very satisfied with their professionalism, operativeness, insight and ability to go into details of our requirements. We always receive professional recommendations and tailor made industrial property solutions based on the analytical research that is highly valued in our company.

The most sincere words to Mindaugas Kulbokas, the Head of Research and Analysis, whose enthusiasm gives an impulse to cooperation. Mindaugas Kulbokas and his team provide a consultancy on Klaipeda FEZ territory development concept, real estate solutions for coming customers and our own development projects. He is our permanent think tank partner on new real estate and customer location solutions. Our joint work with Mindaugas helped to create No1. Free Economic Zone in the Baltic's with a highest number of companies and investment attracted. This partnership has proved as pure success and fun even during challenging times for Lithuania and it's real estate sector.

Please consider Newsec Baltics for all your property solutions and needs. I recommend them and look forward to working with them again. If you have any questions, feel free to contact me.
